Date :2010-04-01 version 1. Contents: Introduction Chapter 1 First. the object of two chemical research and chemical development of three. the relationship between the four chemical and medicine. basic medical chemistry knowledge of content and learning methods section in Chapter 2 solution measured solution composition. said method a scattered series two. measured solution composition. said method three. four concentration conversion. solution preparation and dilution of colloidal solution of a Section sol Second. the penetration of polymer solution. the solution pressure of the third quarter. and the osmotic pressure of saturation Second. osmotic pressure and concentration. the temperature dependence of three osmotic four. osmotic pressure in the medical sense of Chapter 3. the first electrolyte solution section of acid-base theory of a proton. the concept of two acid-base. weak acid-base reaction II dissociation of an electrolyte. dissociation and dissociation equilibrium constant two-ion effect and salt effect with the third quarter and the pH of aqueous solution of pH calculate a. the dissociation of water and the pH Second. conjugate acid. alkali K. And...

Reviews

A whole new e book with a brand new standpoint. I have read through and i also am certain that i am going to planning to read again yet again later on. I found out this book from my i and dad advised this pdf to learn.

-- **Audrey Lowe I**

It is fantastic and great. It is really simplified but unexpected situations from the 50 % in the ebook. I discovered this ebook from my dad and i suggested this book to learn.
