SEXUAL DIMORPHISM OF THE BED NUCLEUS OF THE STRIA TERMINALIS AND THE AMYGDALA

Springer Sep 2000, 2000. Taschenbuch. Book Condition: Neu. 235x155x5 mm. This item is printed on demand - Print on Demand Neuware - Sex differences are observed in various physiological, behavioral, and psychic functions, including reproductive behavior, aggression, emotions, and cognition. Such differences are expressed even in early childhood with preferences to definite activities. It has been generally accepted that differences between genders are formed under the influence of biological as well as environmental factors. The existence of sex differences...
