Brand New Book ***** Print on Demand *****.The research and writing of the book, HUMANS, has been a time of discovery and revelation. The intention was to complete the fascinating story touched on in the author's first two books of how early Homo sapiens became modern humans. Humans today are anatomically the same as the early Homo sapiens who first appeared on Earth about 200,000 years ago; however, there is a difference. The evidence shows they were instinctively-driven creatures much like their Homo ancestors. The hypothesis was that the key difference was modern humans have the unique attribute of consciousness. The realization of a novel logic principal, I call Non-Evolving Attributes (NEA), allowed this to be determined with...
