I Am My Son's First Sightword details a mother's unique path through the first thirteen years of her autistic son's life by describing the struggle and heartache, direction and misdirection, endless choices and legal kerfuffles, hard challenges and emotional smackdowns, and the blissful bittersweet triumphs of her boy. The autism that landed on her family provides a series of lessons in life expectations, tests the fluidity of self and soul toward emergency situations, and requires innovative ways to respond to tragedy with hope, dignity, and grace. Kucia uses sass-infused prose and musings of fierce mama love to detail the happenings of an autism life and underscores the importance of never giving up. She explores the...
