Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The love of travel was a family instinct, and was born with me. My maternal grandfather went to Central Africa-at least, he left us intending to do so, but never came back again. I had a great uncle who voyaged three times round the world, and one sailor uncle who, half a century ago, spent a winter at the North Pole along with Parry and Franklin. Then I had a cousin who was very ambitious of reaching the moon, and spent his life in studying its maps and making preparations for the journey, which, however, he never accomplished. When asked when he was going to start, he always replied that he had deferred his journey for six months-circumstances requiring his longer sojourn on this planet Tellus; but he never expressed the slightest doubt about his being able ultimately to accomplish his proposed journey. I held him in great respect (which was more than any of the rest of the family did); but as my ambition never soared beyond an expedition round this sublunary globe, I resolved as soon as possible to commence my travels in the hopes of having the start of him.
