This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Dog Ear Publishing, United States, 2013. Paperback. Book Condition: New. 198 x 122 mm. Language: English . Brand New Book ***** Print on Demand *****.This little book was born of a need to be able to offer advice and give a small portion of my time since I am not able to give larger portions. In our Mennonite faith we have seen a transition from our agriculture lifestyle to many seeking non-farm or agriculture related occupations and careers. Having been on the early plateau of this movement I often found my phone ringing. On the other end would be a brother with a few questions about starting his own hardware store. Somehow looking on at my life seemed like easy street and sure riches. The conversation typically took nearly an hour after which I thought of lots of other things I could have (and sometimes should have!) said. I suspected the caller went away overwhelmed and possibly only grasping what they wanted to hear! Several calls would follow and I d begin to feel like I could do more if only I had more time. I d realize there were gaps and misunderstandings and misquotes. I once ran into a poor fellow who was sure I had said Do it like this and had done it that way for years! In fact, I had said, DON T do it like this! So, if you have secretly longed for your very own hardware store, please read on! Happy Selling! About the Author Jay Bullock was born in Wurzburg, Germany, May 6, 1960 to Gerald and Brenda Bullock. His Dad s army service had them moving to many locales from Chicago, IL to Virginia and finally to Augusta, GA. It was there, at the age of seven, his parents divorced leaving his...
