

Asset Recovery Handbook: A Guide for Practitioners

Filesize: 3.06 MB

Reviews

It is one of the most popular pdf. It really is full of knowledge and wisdom. It's been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

ASSET RECOVERY HANDBOOK: A GUIDE FOR PRACTITIONERS

[DOWNLOAD](#)

World Bank Publications, United States, 2011. Paperback. Book Condition: New. New.. 251 x 175 mm. Language: English . Brand New Book ***** Print on Demand *****.Developing countries lose an estimated US\$20-40 billion each year through bribery, misappropriation of funds, and other corrupt practices. Much of the proceeds of this corruption find safe haven in the world's financial centers. These criminal flows are a drain on social services and economic development programs, contributing to the impoverishment of the world's poorest countries. Many developing countries have already sought to recover stolen assets. A number of successful high-profile cases with creative international cooperation have demonstrated that asset recovery is possible. However, it is highly complex, involving coordination and collaboration with domestic agencies and ministries in multiple jurisdictions, as well as the capacity to trace and secure assets and pursue various legal options--whether criminal confiscation, non-conviction based confiscation, civil actions, or other alternatives. This process can be overwhelming for even the most experienced of practitioners. It is exceptionally difficult for those working in the context of failed states, widespread corruption, or limited resources. With this in mind, the Stolen Asset Recovery (StAR) Initiative has developed the Asset Recovery Handbook: A Guide for Practitioners to guide those grappling with the strategic, organizational, investigative, and legal challenges of recovering stolen assets. A practitioner-led project, the Handbook provides common approaches to recovering stolen assets located in foreign jurisdictions, identifies the challenges that practitioners are likely to encounter, and introduces good practices. Included are examples of tools that can be used by practitioners, such as sample intelligence reports, applications for court orders, and mutual legal assistance requests.
