Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.
(Prof. Loyce Runolfsson Jr.)

TRICKING THE TALLYMAN

Random House Children's Books, United Kingdom, 2014. Paperback. Book Condition: New. S D Schindler (illustrator). 249 x 198 mm. Language: English . Brand New Book. Are kids interested in learning about the very first American census? Probably not. Do young readers clamor for stories set in the very, very olden days of the late 18th century? Uh, not really. Okay, but do they like nutty cat-and-mouse trickery, wacky slapstick, and animals disguised as people? You bet! So let them have all that, and if they end up learning a thing or two about our country, its history, and the ways our government works, shhh . . . we won't tell! Tricking the Tallyman accomplishes the tricky task of showing kids the way the 1790 census was tabulated (or tallied) and how the country's new citizens came to understand (after much misunderstanding) how it worked to help them and the country. Excellent for classroom use or to put in the hands of bright kids with a taste for the quirky and irreverent, young readers may enjoy this story so much they might not even notice how much they've learned!.
