Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Euclid-Shore Radiogram Euclid High School has been steadily growing. From occupying a few rooms upstairs in our building together with the grades it has come to occupy all of the upper floor. There were few teachers at first. Now there is a teacher for each department: English, History, Language, Mathematics, Science, Domestic Science and Manual Training besides a teacher for subjects that are not included in these lists, and Music and Art supervisors. This indicates very clearly that the enrollment has increased. It is now four times what it was in 1918. This year there are fourteen Seniors, but there was only one four years ago. This increase has been due partly to certain conditions in other schools, partly to increase in population, but also the fact that Euclid High is able to attract and keep students. Our school is small enough for attention to individuals and large enough to support many activities. Euclid is exceptionally well equipped. Our gymnasium, with running track, locker-rooms and shower-baths, surpasses those of most city schools. All our plays used to be given under difficulties in the Town Hall; now we have as beautiful an auditorium as can be found in any school in the country. It is not only beautiful but well equipped in every detail. The laboratory has been recently refurnished and improved, and the library has been completely catalogued and established in one of the upstairs rooms. The Manual Training Department has been given more room by giving to it almost all of the old gymnasium, where many useful and beautiful things are made. The Domestic Science Department has a large kitchen and also sewing rooms...
